Open (Upload) The Figma File

03

Open the link <https://www.figma.com/>

Click Log in or Sign up
in the right top corner

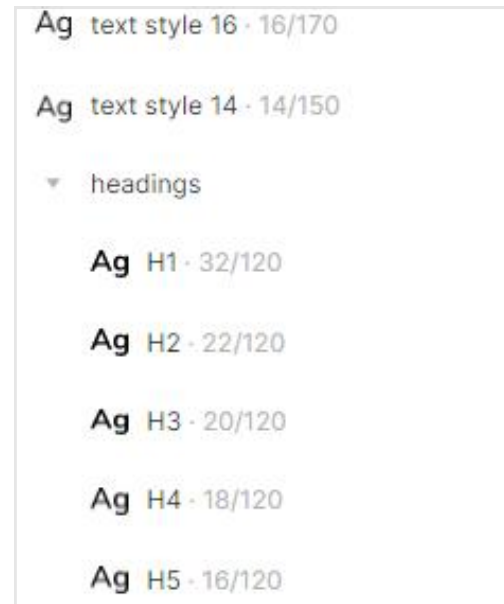

Import the Figma File (StepHub -
Shoes Store Mobile App Figma UI
Template.fig) here in the right top
corner.

Congratulations,
you've opened (uploaded) your main file!

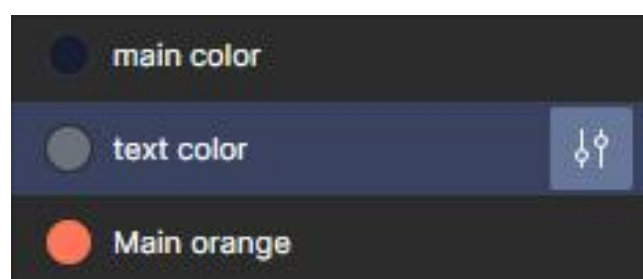

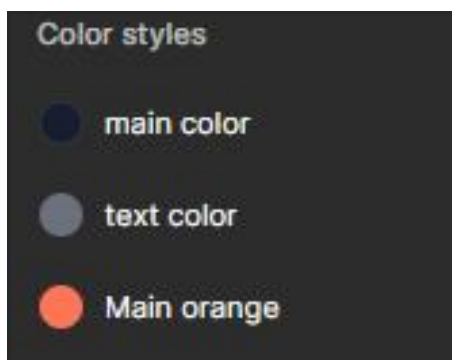

At the right sidebar you'll see all the styles that are used in this template.

Here are all the Font styles.
You can change any of them right HERE and it will change throughout the template. (font-family, font-weight, font-size, line-height, letter-spacing)

Here are all the Color styles.

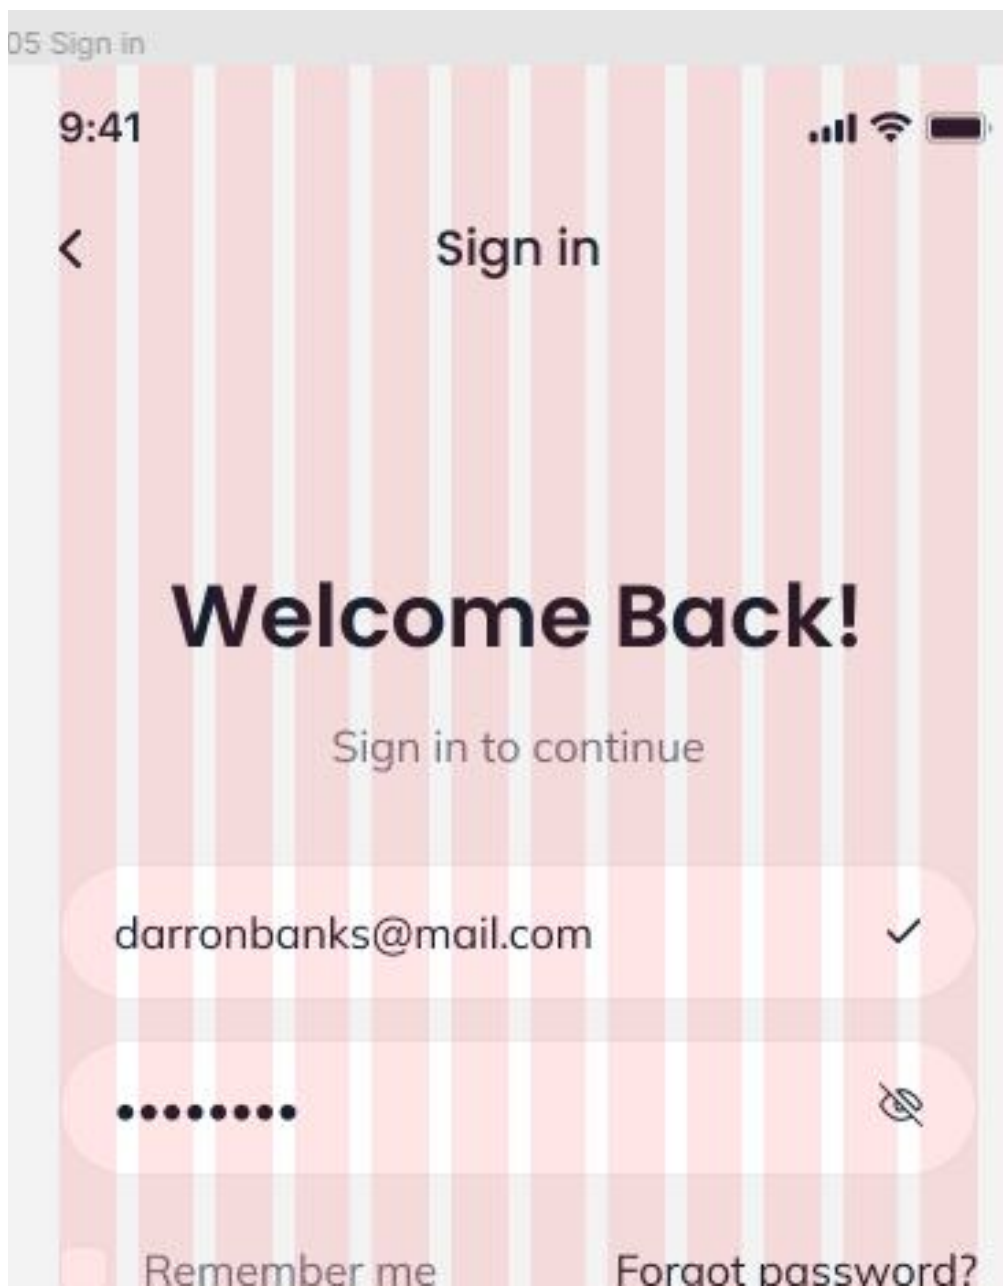

The situation is the same as with Fonts. You can change any of them right HERE and it will change throughout the template.

Also, there is a Grid Style: 12 columns with 8 px gutters.

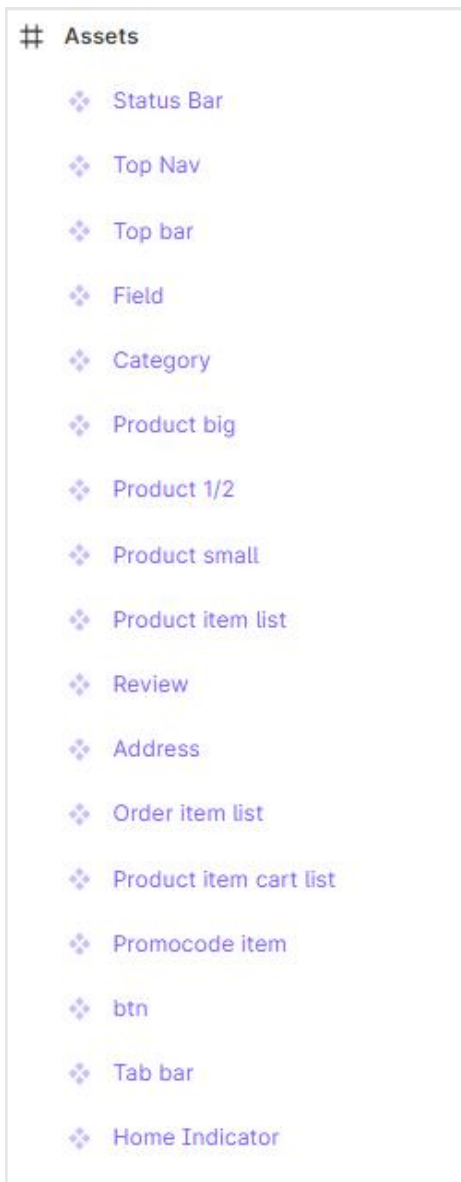

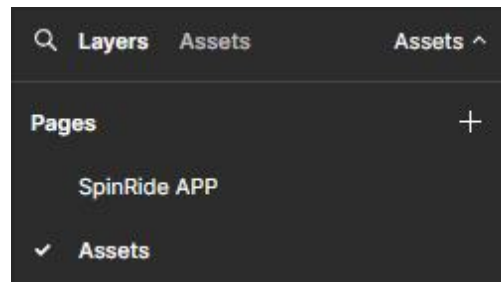

If you need to see it just press Ctrl+Shift+4 and it will become visible. The same HotKeys hide it.

Assets Page

06

You can see the Assets page in the left top corner.

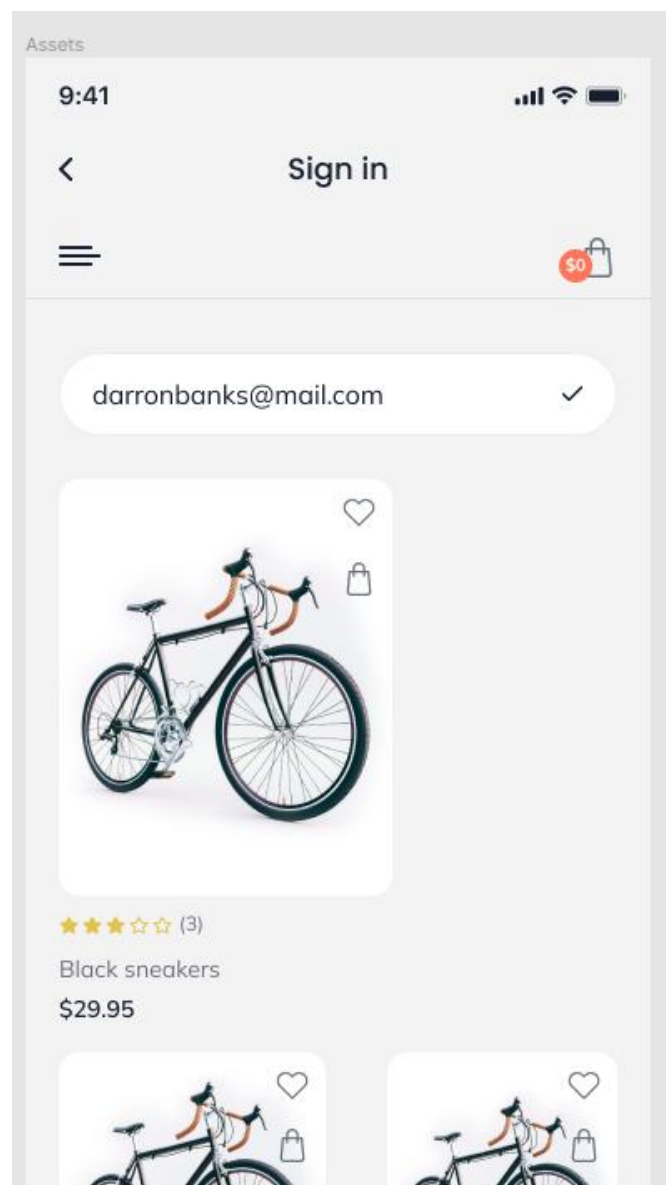

Left sidebar

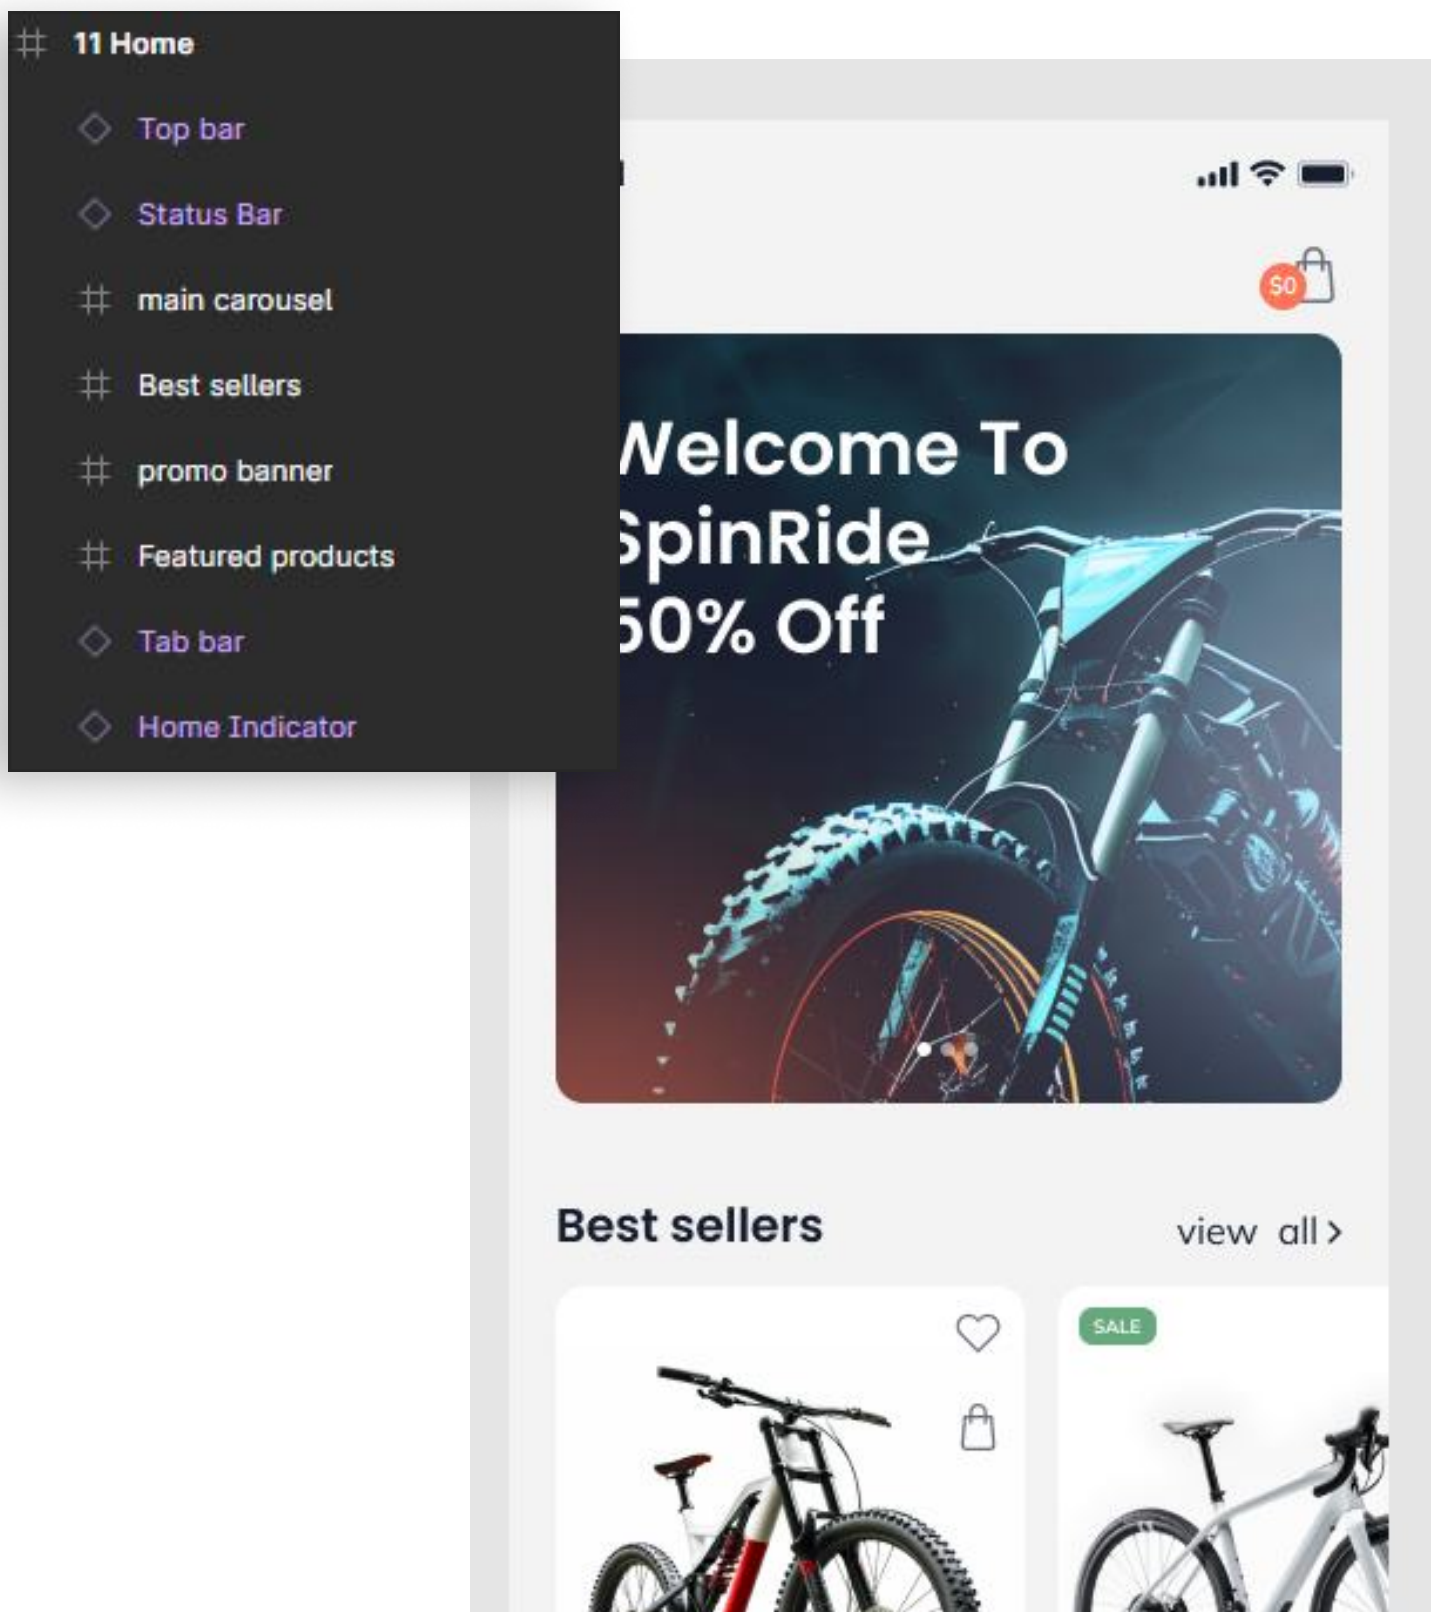

Page with elements

Here you can edit the elements that are used in this Template. When you change any of this, it will be changed everywhere in the Template where it is used.

We've organised groups and layers for every Frame included in this template. Below there's an example of group & layer structure for Homepage. If your layout is distorted, make sure the fonts are installed correctly and restart your system.

How To Edit The Text

08

Select the layer from layer panel, which you want to edit or make changes.

Select the tool from Tools panel - Text or press T key on your keyboard.

Start typing your text.
Press Esc . That's all!

How To Paste Your Images

09

Find the image on your computer and drag it directly into Figma.

Put it to the necessary Frame

Export

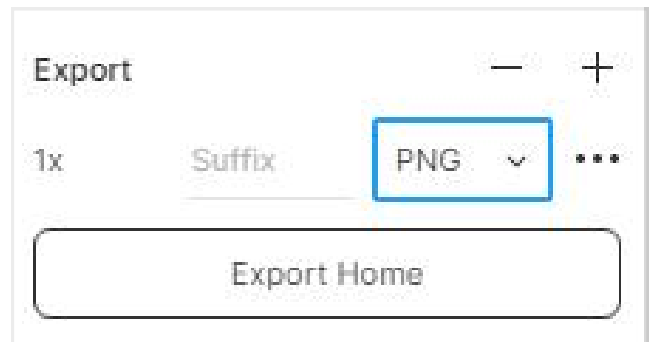

10

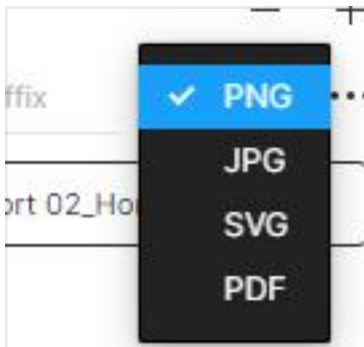

Select a necessary
Frame in the left sidebar

You can find the export area in the
right sidebar (bottom).

Select a necessary
format.

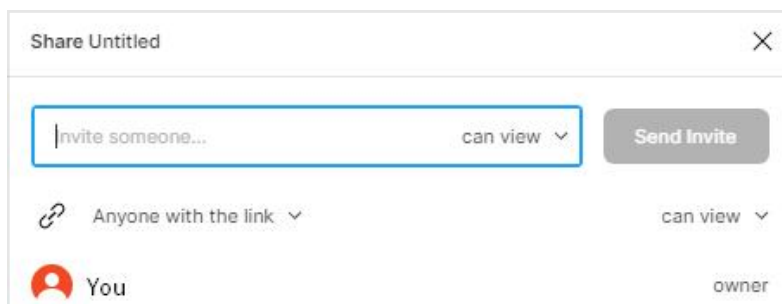

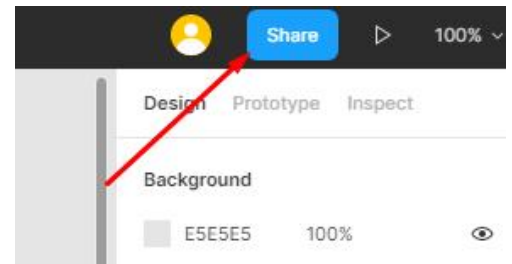

Click the Button

Share

11

If you need to provide a layout to the developer, then you can simply share this file. Just click the button Share at the top right corner.

You'll see such a popup.

You can let him only view (recommended) or edit this file.

Copy the link and send it to developer

Thank You So Much For Purchasing!

Please don't forget to rate us 5 stars and
write a review to support us to make new awesome
designs.

Enjoy!
